

**D'Arts and Designs** was registered in Singapore in 2011 as a company that specializes in eco-bags and to bring in the best in terms of quality and service. The company believes in responsible living. The range of **bags**, offered under **The Green Window** is just that – **green and environmentally friendly!**

D'Arts and Designs **designs, produces and supplies** jute, cotton, canvas and organic cotton bags to corporate, small buyers and resellers alike. The bags are produced in India with dedicated facility to cater to the entire process of designing, manufacturing and printing of the bags. They maintain a lean team and have liaisons with the best to contain overheads and deliver quality. These products are truly eco-friendly. They can be reused and recycled and are biodegradable at the end of their life cycle!

Beginning in 2011, D'Arts and Designs can count many prominent names among its clientele like **NPB, MOH, MOE, NUS, Republic Polytechnic, Ngee Ann Polytechnic, MAS , MinDef and NHB in the public sector and Mount Faber Group, MBS, Ascott, UBS, Citibank, Hitachi, Chanel, Patek Phillipe, Swarovski, Marriott, Citibank, Unilever, Electrolux etc in the private sector. Detailed list can be made available on request.**

Being a socially conscious company, factory workers are ensured good working conditions, no child labour is employed and state-of-the-art machinery is used for manufacturing. The factory employs about 100 workers and have a production capacity of 10,000 bags per day. They have the **GOTS (Global Organic Textile Standard) certification** for organic raw materials. The raw materials used are completely **free of AZO..**
